

# Total Comfort, Total Control: DMAC Wi-Fi & App

## Perfect Temperature / Perfect Humidity

### The **HumidiFlex System (IAHS): The Future of Commercial Humidity Control**

Say goodbye to overpriced dehumidifiers. The **HumidiFlex System** is a breakthrough innovation that transforms standard off-the-shelf air conditioners into **high-performance, precision-controlled dehumidifiers**—without the premium price tag.

The **Dehumidification Mixed Air Controller (DMAC)** is the powerful, professional-grade brain behind the **HumidiFlex System**. While the system delivers effortless comfort to the end user, the **DMAC** gives expert specialists the precision and flexibility they need to optimize every installation.

### Total Comfort, Total Control: DMAC Wi-Fi & App

The **Dehumidification Mixed Air Controller (DMAC)** brings your system into the digital age with integrated **Wi-Fi** and a dedicated **user app**. Enjoy the ultimate in climate control and peace of mind, right from your phone.

#### User Benefits:

- **Intuitive Control:** Easily manage the entire HumidiFlex System and **adjust comfort settings** through a simple, dedicated mobile app.
- **Performance Monitoring:** **Witness the system's performance** in real-time, giving you confidence in your home's or business air quality and efficiency.
- **Seamless Integration:** The DMAC's Wi-Fi capability is the **key to remote diagnostics**, allowing your specialist to quickly identify and resolve issues, ensuring consistent comfort year-round.
